SEPTEMBER 2018 – ONWARDS

Anticipated Graduation – June 2023

Courses: German, English, Math, Physics, Chemistry, Biology, Science and Technology, Philosophy, Sociology, Geography

Distinctions: Received Honors Certificates

EXPERIENCE

Trainee | Nevzat Onay Shoe Manufacturing Company

SUMMERS OF 2018 – 2022

- Developed an understanding of the whole business process of the family company and determined the points that can be improved and specified some activities that may positively impact the business process in the context of quality improvement.
- Took part in packaging activities for two weeks as a beginner-level factory employee. Observed the whole process from scratch and learned the importance of each step in the manufacturing process by taking on bigger responsibilities. Understood what quality assurance was and how it was maintained.
- Learned to ensure high levels of customer satisfaction as a sales assistant. Understood the role of customer satisfaction in increasing the company's growth and revenue.
- Fulfilled duties ranging from dusting, sweeping, vacuuming, and mopping as a shop assistant. Prioritized inspection and maintenance activities in the shops and learned about the importance of maintaining a fully stocked store and visual merchandising standards.

ACADEMIC ENRICHMENT

Algorithm Course

Aug 2022 – Ongoing

- Take a beginner-level algorithm course by Asst. Prof. Onur Ugurlu on programming with C, machine learning using Python, and mathematical modelling and optimization with Java and Cplex
